Dear Friends,

We stand in solidarity with the U.S. delegation participating in the protest against U.S. nuclear weapons deployed at the Buchel Air Base in Germany. The deployment of U.S. nuclear weapons in Germany and four other countries in Europe adds to the danger of nuclear war, and we have long advocated their removal, repatriation and dismantlement. We appreciate your traveling to Germany to support this important protest action.

Please know that the Nuclear Age Peace Foundation and its 80,000 member network stand with you. We send you our good wishes for your safety and success in this action.

Sincerely

David Krieger
President
